Job Description and Purpose

The position was mainly established for the purpose of supporting the Supply & Logistics Department. In general, the Forwarding Agent is required under limited supervision and direction, to manage data for international shipments and provide support for many steps of the transportation process. The main responsibility is to work out the best method and route for moving large volumes of freight from the point of origin to the destination, utilizing several points of transport (e.g. road, rail, air and sea) and ensuring that the cargo reaches its destination in the least possible amount of time, in an environmentally friendly and safe manner and at the most affordable rate. Most of the working day is spent in an office atmosphere verifying that all documentation adheres to import-export policies and laws. Coordination with custom agents, warehouse staff, operations department, shipping companies, suppliers and clients, as well as negotiating shipping/handling rates and developing solutions for complex shipments is part of the everyday work.

Major Responsibilities

- Freight management and implementation
 - Create, analyze and determine the best transportation option for each shipment;
 - Arrange a variety of shipments depending on the nature:
 - Simple: Points A to B
 - Complex: Points A to B to C
 - Domestic and international
 - Multimodal: air, ice, road, ocean, rail, river, truck
 - Project specific
 - Perform with competitiveness on transportation solutions based on time and price;
 - Organize pickups, delivery and billing in timely manner;
 - Export documents preparation when requested for specific projects;
 - Consolidate shipments when necessary;
 - Timely updates of shipment statuses;
 - Prioritization of shipments based on supplied requirements;
 - Accurate and complete transaction documents;
 - Follow up closely on the customs/ clearance formalities and delivery process;
 - Responsible for the goods clearing process in compliance with all local requirements (certificate, registration etc.) to be able to import items/assets into the country;
 - Responsible for the Company's fleet management including daily vehicle plans for picking-up, fueling, maintenance requirements and costing;
- Budget management
 - Request quotes for both domestic and international shipments;
 - Check fiscal prices, customs requirements and clearing fees;
 - Negotiating with shipping lines, airlines, transporters and agents;
 - Study cost estimates to get the optimal and most efficient shipping, transport and clearing method;
 - Ensure actions are taken to reduce waste on import or export shipments;
 - Check and approve import/export related invoices as per work instruction in place;
- Quality, safety and security
 - Qualify and select carriers based on Company policy;

- Ensure good quality customer service levels are achieved;
- Oversee the entire clearing and forwarding process to ensure the Company receives goods in a timely manner;
- Notify suppliers on short-shipped, over supplied and faulty items received and taking the necessary action;
- Raise supplier claims and follow them until their resolution, when necessary;
- Timely and effective resolution of issues, if occurring (delays, damage etc);
- Guarantee that all import-export shipments are done under proper insurance coverage and seek compensation for any loss;
- Guarantee that logistics providers and freight-forwarders respect the import guidelines and seek compensation from them or to insurance company if the Company incurred loss of goods or extra lading cost;
- Coordination
 - Coordination with custom agents, warehouse staff, operations department, shipping companies, suppliers and clients in order to ensure efficient and timely delivery of commodities;
 - Ensure that import/export guidelines are well communicated between involved parties;
 - Give shipment instructions to freight forwarders while actively implementing consolidation of shipments;
 - Maintain very close relationship with all import customs and local authorities to ensure that goods are cleared in the fastest manner with the lowest cost and to ensure that new import regulations are well anticipated;
- Administration
 - Guarantee that import/export procedures exist and are up to date;
 - Guarantee that all information (shipment, cost, database) are well update in all company IT systems;

Position Requirements

Education & Training

(The extent or level of knowledge or training obtained by formal education or outside study that is necessary to achieve normal job performance and proficiency. Such knowledge is to be considered the minimum education required for performing the position responsibilities.)

- Advance training in Supply Chain Management or similar field of expertise, such as one would receive at a university, technical trade schools etc. or even by multiple years of on the job training;
- Any proven training in International Trade will be considered as an advantage;
- Working knowledge and experience in the maritime industry will be considered as an advantage;
- Excellent communication skills, both written & oral;
- Experience of working with clearing/customs agents and shipping companies;
- Ability to sense the mood of the requisitioner/ customer/ supplier and react appropriately;
- Ability to react well at all communication levels;
- Clear and effective oral and written communication skills in English language is prerequisite;
- In the event that the candidate is a male, he must have completed military services;

Experience

(The minimum experience required to perform the job. This experience can be gained in previous employment in a similar job and/or on the job with the current employer. Experience in this factor is measured in time periods e.g. 3-6 months, 3-5 years, 10-15 years etc.)

- 3-5 years working experience in similar positions, preferably in a multinational environment of a freight forwarding company;

- Know-how of all import-export technics (incoterm, insurances, claim procedures, international transport regulations and documentation, payment process);
- Experience in end-to-end logistics and warehouse policies and procedures;
- Knowledge of operations in the clearing and forwarding industry;
- Knowledge of import goods clearance regulations and process in Greece;
- Experience of working with ERP systems is to be considered as extra skills;
- Proven track record of controlling and reducing external spend to be considered as extra skills;
- Additional working knowledge of foreign languages (e.g. Italian) are to be considered as extra skills;

Skills & Personal Qualities

(The minimum set of skills and personal qualities required to perform the job. Skills required are presenting the expertise or talent to do a job or task.
